AMENDMENT OF THE ZONING REGULATIONS
OF THE TOWN OF PLYMOUTH

ADDITION OF NEW ARTICLE 4. SECTION L. TO ENACT A MORATORIUM
INVOLVING GROUND MOUNTED, LARGE SCALE SOLAR ELECTRIC GENERATION
FACILITIES IN ALL ZONING DISTRICTS IN THE TOWN OF PLYMOUTH, AS
PERMITTED BY ARTICLE 6 SECTION Z - "SOLAR ELECTRIC ENERGY SYSTEMS"
AND ARTICLE 4 SECTION B – "TABLE OF USE AND BULK REGULATIONS"

No Petitions / Applications seeking authorization to construct a
Ground Mounted Large Scale Solar Electric Generation Facility
will be accepted, heard and / or approved by the Planning & Zoning
Commission, time period of one year, starting November 15, 2025
and ending November 15, 2026.

The purpose of the Moratorium is to grant to the Planning & Zoning
Commission time to explore issues on ground mounted, large scale, solar
electric generation installations; the end result being revised regulations on the
permitting of these installations in the Town of Plymouth. The Commission
expressed concern on facility siting, on the appropriateness of topography,
apprehension on steep slopes, exacerbation of water run-off, removal once the
system has exceeded its useful life and safety, of all solar facilities, not only
ground, mounted systems.

Issued by Land Use Department of Town of Plymouth
Town Hall 80 Main Street, Terryville, Connecticut 06786
